## WHY Oil Valley Girls' & Boys' School?

Oil Valley Girls' & Boys' School is a Vanguard Co-ed school in the 21st-century education system. The school is a secondary school affiliated with the Central Board of secondary Education (CBSE). The Oil Valley Girls' & Boys' School is the best English Medium School in Dibrugarh. The Oil Valley Girls' & Boys' School has a good reputation in the society for outstanding result, a clean environment, and space given for the children to learn and participate in several extracurricular and co-curricular activities. The school provides special care to each and every child and shapes them for overall development & prepping them for a more competitive corporate world from a very young age. We always keep parents updated on the activities at school and the progress of their child.

Our vision is 'Talent isn't born. It's grown'. We believe that every child has unique abilities and qualities within themselves that are waiting to be discovered and grown. We intend to draw out and nurture their natural abilities and qualities, be it linguistic, artistic, or scientific. The well nurtured and cultivated abilities and qualities of a child can make them confident young talents. Our endeavour is to grow them in a safe, secure and stimulating environment.

The kind of person the student turns out to be, is a reflection of his upbringing, both at home and in his school. We up bring the children in such a way so that it is reflected in their words, thoughts and actions. Moreover in order to plant independent thinking in a child we make them capable of thinking critically. We focus on application-based learning to instil reflective, critical and independent thinking skill within the students.

We lay emphasis on the significance of 'Learning by Doing'. We believe learning should be practical and attention grabbing. We provide paraphernalia for almost every subject - Linguistics, Maths, Science, Environmental Science, Coding, Information Technology, Artificial Intelligence etc. Strong importance is given for the holistic growth of the student in areas of Public Speaking, Creative Writing, Theatre, Visual Art, Yoga, Music, Dance etc. Besides, enormous scopes are provided for joining a host of other internal and external competitions.

We maintain sound student-teacher ratio of 30 :1 for individual care. The progress of the students is continuously tracked and care is taken to imbibe good moral values along with the feeling of patriotism in the learners. Our faculty make learners up to date with the exam patterns of all India based examinations like AIEEE, JEE, NEET, CAT, etc and many more.

Our learners are empowered with technology, be it through interactive smart classes or innovative language labs. We have not only introduced Coding, Artificial Intelligence & Information Technology with this belief but also out of concern we are going to initiate a Health and Nutrition Program to promote lifelong healthy lifestyle practise among the learners. The school buses are fitted with speed governor, vehicle tracker, CCTV etc. Buses are provided with hand sanitizer & infrared thermometers. Parents can track the school vehicle of their ward through

the school app. Hand Sanitizer Stations, infrared thermometer, Pulse Oximeters etc are installed in the campus to safe guard from germs. Fire and Earthquake Mock-Drill are organised on regular basis. Regular awareness programmes regarding lightening safety, and other life threatening hazards are staged regularly.

We practise 'Zero' tolerance regarding 'Bullying'. Parents can also track the academic performance through the school app and website.

The school campus supports various innovative learning modalities to cater seamless blend of academics, extra-curricular activities, value education, art of public speaking, calligraphy, creative writing, drama, quiz, debate, extempore speech, music, dance, drawing, painting, craft, real life exposure, life skills, safety awareness programmes, community and experiential learning program, yoga, sports, physical fitness & healthy life styles practises and a lot more for the all round development of the students. Learners participate in numerous intraschool and interschool competitions for their round square growth.

## ACADEMIC PHILOSOPHY

**VISION:** 'Talent isn't born. It's grown'

**MISSION STATEMENT:** Success for every student's.

**CORE VALUES:** VIDYA the 'knowledge', SATYA the 'sincerity', SADHANA the 'path', and TEJA the 'spirit'.

**AIM:**

- Lifelong learning.
- High standard curriculum.
- Activity based Learning.
- Supportive Technology.
- Physical and emotional well-being for a healthy lifestyle.
- Care and respect for the environment where we live in.
- Respect individuality and difference in others.
- Link society nurturing global citizenship.
- Acknowledge and celebrate achievements.

**STATEMENT ON NON-DISCRIMINATION:** We respect the dignity of all the members of our community regardless of their socio-economic status, ethnicity, gender, language, national origin, race or religion. Our school aims to provide a safe and caring environment for all.

**OUR 11 DISTINCTIVE PILLARS**

1. **Autonomous Teachers:** The teachers are certified and has good grasp of their subjects.

Teachers are given freedom of study, learn and teach.

2. **Equal Opportunities:** All the learners are treated similarly, unhampered by artificial barriers or prejudices or preferences, except when particular distinctions can be explicitly justified.

3. **Compete with Self:** We don't let a child succumb to competition & rat race pressures. We respect & believe that every child has their own optimal pace to learn. We emphasize on proper learning than learning fast. We set clear expectation for the learners. They are encouraged to achieve at least a higher grade than their previous in

each examination. Expectations are regularly reviewed and revised in accordance with the learner's achievement and capacity. At the end of each assessment

appropriate interventions and personalized 'catch-up' activities are planned by a team of skilled and experienced teachers, experts in their respective fields.

4. **Individual Attention:** The teachers are well trained to give individual attention in the classrooms to each of the student and nurture their strengths and work on their weaknesses to deliver the best re-

sult. We detect the flaws and draw-backs in the learning process and abilities of each child and address it immediately to give them the opportunity to overcome the hurdles in their way to learning and demonstrate their brilliance.

5. **Academic Excellence:** The school campus is designed on the concept of small learning groups, where combination of enrichment activities, projects, audio visual presentations, experimental learning, library activities, brain storming sessions, written and oral assessments are used to make learning fun, exciting and interesting which drives the learners to achieve academic excellence.

6. **Round Square Development:** Students are encouraged to explore following twelve discoveries on the way to their journey for learning e.g. Inquisitiveness, Tenacity, Courage, Compassion, Inventiveness, Ability to solve problems, Self-awareness, Sense of responsibility, Appreciation of diversity, Commitment to sustainability, Communication and Team-working skills. All these combined make up the Framework of Round Square Development of the learner, thereby shaping them into admirable global citizens.

7. **All Success is Celebrated:** We acknowledge all the success of the deserving students who have excelled by dint of their skills, sheer hard work, and dedication with an intention to make learners more confident about themselves and to encourage them to continue doing what they are good at. We honour their achievements through verbal or written praise, star or sticker, stamp or badges, individual or group prizes, house points and trophies, commendation certificates, inducting in leadership team, etc which propels the children into continued success and increases their productivity, relationship building, thus making them happy and motivated.

8. **Best-in-class Infrastructure:** The school building, with its cutting-edge infrastructure, provides the perfect environment to balance the academic process and extra-curricular activities. Entire school is covered with CCTV network and smart solutions to keep the learners safe.

7. **All Success is Celebrated:** We acknowledge all the success of the deserving students who have excelled by dint of their skills, sheer hard work, and dedication with an intention to make learners more confident about themselves and to encourage them to continue doing what they are good at. We honour their achievements through verbal or written praise, star or sticker, stamp or badges, individual or group prizes, house points and trophies, commendation certificates, inducting in leadership team, etc which propels the children into continued success and increases their productivity, relationship building, thus making them happy and motivated.

8. **Best-in-class Infrastructure:** The school building, with its cutting-edge infrastructure, provides the perfect environment to balance the academic process and extra-curricular activities. Entire school is covered with CCTV network and smart solutions to keep the learners safe.

9. **Self Discipline:** The children those who are able to practise self-control become happier and less stressed. Motivation program, innovative assemblies, guest lectures, special skill workshops, including in leadership team, spectrum of opportunities for internal and external competitions, and multiple assessments are held to build child's personality. Students are encouraged to take responsibilities for themselves, to regulate their thoughts and behaviours so that they can lead a healthy & balanced life. A

unique point system for assessment of self discipline is practised in the school so that a child is able to check his/her own progress and begin to work on himself. Teacher and staff remain vigilant to guide the young minds whenever they tend to go off-track thereby shaping them in a natural manner.

10. **Natural Ventilation:** The buildings are constructed in such a way so that natural forces of wind and buoyancy deliver fresh air into buildings keeping it clean and hygienic.

11. **Physical Fitness:** We feel a child's health is as important as his academics. If a student's health doesn't permit, his academic life might get disrupted. To achieve excellence in Physical Fitness programs, we

consistently thrive in contributing to their necessities through the following.

- Individual progress records to determine the development of the child
- An array of sports to keep them on their toes
- Health and Nutrition Program

**Health and Nutrition Program**

includes the **OBCD Assessments:**

- OVGBS Fitness Assessments
- Biochemical Assessments
- Clinical Assessments
- Dietary Assessments

**Sports Programs:** We tend to facilitate sports

activities such as yoga, Kho-Kho, Kabadi, Basket Ball, Table Tennis, Badminton, Volley Ball, Taekwondo etc. to add some exposure to our fitness curriculum. The above sports are a part of the curriculum. They are divided into the following divisions:

- Team Sports
- Combat Sports
- Individual sports

**CIRCLE TIME:**

Circle time a specially designed time slot which is introduced so that learners can express their thoughts and imaginations without any inhibitions.

### **SCHOOL HOUSE:**

School's House System provides the learners opportunity to work together, creating a truly unified environment of collaboration. Students have many opportunities to earn housepoints outside the regular curriculum also. Co-scholastic activities, competitions, special achievements and service, being some of many ways in which students are recognized and rewarded. The house points mounts for House Trophies.

### **EXPOSURE - "What is experienced on the street can never be learned in the class"**

An ideal school never misses out on the right exposure required for a child to experience. We have incorporated educational trips for their appropriate exposure.

### **NEWS LETTER**

The publication of the newsletter '**Fly forward**' is managed by the learners.

### **OUR EARTH, OUR RESPONSIBILITY**

Rallies, street plays, poster and slogan-writing competitions, etc are done to create awareness about the responsibility of each individual to protect the mother earth and its environment. Our learner takes responsibility of 'Van Mahotsav' very seriously. Projects, models, and innovative ideas to save resources find ample display on school premises. The Eco Club organises activities to support this mission.

### **DIVERSITY INSTILLS UNITY**

Respect for all learners create a harmonious environment in the school wherein learners from all stratum of society form a homogenous group. Cultures, traditions, and different religions are embraced with equanimity.

### **REPORT CARDS**

We send mark of P1 and P2 to the parents once in a year and issue report cards two times a year to ensure parents are kept abreast of their child's progress and are immediately informed if any issues arise. We meet parents whenever a child is at risk of not achieving their potential after each report card.

### **PARENT TEACHER MEETING**

We believe that regular interactions and discussions between parents and teachers strengthen the bond between the child, parent, and the teacher. PTMs provide a pleasant atmosphere for the progress of the learners, where the teachers acknowledge the child's talent and achievements. Parents must attend PTMs regularly and thoroughly scrutinise the academic performance of their child. The date-wise schedule for the PTMs is informed every month by the class teacher. If any parent is unable to attend at the time slot allotted due to any reason, they must inform the class teacher in advance and get another date. In case any parent is late in reaching as per the time slot, they can meet the teacher only after the meeting with other parents is over. We request parents to adhere to the schedule for better and effective interactive sessions.

### **BEST GLOBAL PRACTISE**

We study the best global practices in education that are tried, tested and validated over time and use the ones that are most suitable for our children and their environment. We have a team which is solely dedicated towards formulating a well-organized, quality academic curriculum and breaking them into simplified modules for better understanding of children.

### **COVID 19 PROTOCOLS**

The whole school team is vaccinated. The school will strictly follow the COVID-19 protocol and safety measures like regular sanitization, sanitizer stations at different points, having adequate number of Infra-Red Temperature Scanners/Monitors, as per norms issued by Govt. of Assam, from time to time.

Parents may follow the activities of the school at:
